

PDX4 Round Clear Pendant Light

-Slim , Pure and Clear light

PDX4 round clear pendant light combine the round and transparent to create a perfect lighting effect. Transparent makes the luminaire form hidden, return the space back to the architecture completely, so that more free for interior design; round as a very important element of modern architecture,PDX4 round clear pendant light integrated into the architecture perfectly. While light the panel light, the almost magical metamorphosis of the transparent optics into a light-emitting surface has happened, which bathes the room in light of unexpected .Soft glare-free light create a pleasant atmosphere, Soft and dynamic light create a unique experience.

- **Technology** Combines LED technology and Nano PMMA plate
- **Profile** Ultrathin modern style, Both frame and panels are super simple style
- **Optics** Up-down half-half lighting. Upward light reflected by ceiling could provide soft ambient light to room which would reduce eye weariness.
- **Anti-glare** Light-emitting area is 10 times more than tube, and the brightness of luminaire surface is much lower. Special treatments has been done on the sides of LGP, no light leak, no glare.
- **Dimming** Stepless dimming color and bright , Memories scene

Application

Office, Meeting Room, Coffee Bar,
Tea Bar, Restaurant

Specification

Model	PDX45024	LED	Middle power , 2835
Power consumption	24W	Optical	Nano light guide plate
Input	AC100-240V	Beam angle	360°
Material	Housing:6063 aluminum, PMMA	CCT	3000-6000K
IP grade	IP20	CRI	Ra>80
Color	Silver grey	PF	>0.93
Finish	anodizing	Driver	integrated
Installation	suspending	installation	
Operating temperature	-20 < Ta < 40°C	L70	30000h@25°C
		Warranty	3years

Dimensional drawing

Accessory

Remote-Controller
